Spring 2014

Performance Report for Tri-Counties Regional Center

Every year, the Department of Developmental Services (DDS) contracts with regional centers in California to serve individuals and families. And, every year DDS looks at how well the regional centers are doing. This report will give you information about your regional center.

Last year, at Tri-Counties Regional Center (TCRC) we served about 11,800 people with developmental disabilities living in Ventura, Santa Barbara and San Luis Obispo Counties. The charts on page 2 tell you about the people we serve. You'll also see how well we are doing in meeting our goals and in fulfilling our contract with DDS.

At TCRC, we want to improve every year, do better than the state average, and meet or exceed the DDS standard. As you can see in this report, we did well in

- Supporting children and families in the home,
- Ensuring that adults live in home like settings,
- Moving individuals to the community from the Developmental Center
- Meeting all timelines for Intake and Assessment
- Maintaining currency of CDERs (Client Development Evaluation Record)

But, we still need to improve in

- Ensuring that when adults must live in a facility, there are six beds or less, and
- Ensuring that when children must live in a facility, there are six beds or less.

We hope this report helps you learn more about TCRC. If you have any questions or comments, please contact us!

How well is TCRC performing?

This chart tells you about 5 areas where DDS wants each regional center to keep improving.

The first column tells you how TCRC was doing at the beginning of 2013. And, the second column shows how TCRC was doing at the end of 2013.

To see how TCRC compares to the other regional centers in the state, compare the numbers to the state averages (in the shaded columns).

Regional Center Goals (based on Lanterman Act)	December 2012		December 2013	
	State Average	TCRC	State Average	TCRC
Less people live in developmental centers	0.63%	0.32%	0.51%	0.23%
More children live with families	98.87%	99.02%	98.98%	99.07%
More adults live in home settings*	75.68%	78.20%	76.49%	78.79%
Less children live in large facilities (more than 6 people)	0.08%	0.15%	0.07%	0.15%
Less adults live in large facilities (more than 6 people)	3.31%	4.56%	3.12%	4.31%

* Home settings include: independent living, supported living, Adult Family Home Agency homes, and family homes of persons receiving services.
